

## Police Record.

Wm. Shaw, vagrant, remanded for a week.  
Wm. Gilbert, vagrant, pleaded guilty and sent up for 10 days hard labor.

## Enforced His Log.

Mr. W. T. Robb, Mechanical Superintendent of the Grand Trunk shops at this place, participated in the Grand Trunk employees strike in Toronto yesterday. In the wheelbarrow race he had a leg badly bruised. Dr. Tracy has the case and thinks Mr. Robb will be able to get out in a day or two.

## Legal News.

Adjourned general sessions, before Thos. A. Lazenby, Esq., Senior Judge, Queen's Bench. The court granted the motion on behalf of the prisoner to reserve a case for the court for Crown case, reserved, and to admit the prisoner to bail. Geo. R. Henderson, Q. C., for the Crown; Geo. D. Dickson, Q. C., for prisoner.

## Troublers Induced.

"The Comets" of Pictou, met the "Troublers" of Belleville, at the last match on Wednesday last, in a friendly baseball match. Scores: Comets, 14; Troublers, 30. We are fearful that the Comets are scoring a little too high this season. It is about time they got down to business. "Pictou Gazette." The "Belleville" are "troubled," but they do not all under that flag.

## County Judge's Criminal Court.

QUEEN'S BENCH. — Prisoner was brought up and elected to be tried for larceny before the Judge on Monday, 4th inst., was appointed at 3 p. m. Mr. Henderson, Q. C., for Crown; Mr. Dickson, Q. C., for prisoner.

CROWN vs. JAMES. — Prisoner elected to be tried before the Judge without a jury, at 2 p. m. Mr. Henderson, Q. C., for Crown; Mr. Dickson, Q. C., for prisoner.

## Tanner.

When so honest your voice is raised, Get this to your dog's face a bottle of Farnham's. It will cure him of all his troubles.

## Quick Work.

Mr. J. K. McGargar's cheese factory at Milltown and its contents were burned on June 20th. Mr. McGargar secured another building near by and on the Wednesday of the next week had a new plant in place and the factory in full operation. The energy of the proprietor of the factory has saved dairymen, who depended upon the factory for the sale of their milk, considerable loss and annoyance. The interruption to the business was hardly felt.

## Glenora.

This beautiful resort, one of the finest situated and most picturesque spots on the Bay of Quinte, has been much improved since it came into the hands of the present owner. Mr. L. B. Campbell, who has taken over the hotel has been added, the grounds put in apple-pie order and everything both within and without, is kept scrupulously neat and clean. Glenora, in the hands of the present management, with its unsurpassed natural facilities for recreation and enjoyment, should be very popular.

## Sic-Throwing.

On June 17th, Marsh Thompson, living at Shannonville, got on a drunk and threw stones at a locomotive on the Grand Trunk R.R. passed. Detective Spence, of the Grand Trunk Company, was informed of the circumstance and was in the city on Thursday to swear out a warrant for Thompson's arrest. The papers were placed in the hands of Geo. S. Johnston, who went to get his man yesterday, only to find that he had been released.

## Electric Light.

The engine at the electric light works is being put into condition to be ready for use when the water power fails. According to the contract with the city, the streets are not to be lighted during moonlight nights, either by gas or electricity. The absence of the latter makes the city resemble a country village, now that the people have become accustomed to the improvement.

## TEMPERATURE.

As Registered by Dr. Bell's Self-Registering Thermometer.

Friday, June 1, 9 a. m.  
Maximum 90; minimum 60.  
Barometer 29.90.

Saturday, July 2, 9 a. m.  
Maximum 90; minimum 70.  
Barometer 29.64.

While, passing suffering from asthma, he was struck and killed by a train on the Southern Ontario R.R. at St. Catharines.

## Called from Exchanges.

The stone pillars for the new iron bridge at Stirling are now completed and ready for the superstructure.

It has been estimated that there will be some fifty scholars or more ready for entrance to the Stirling New High School. The Stirling News says that a new press. This is a sign of prosperity.

Wm. J. Shaw, a former resident of Stirling, was drowned in Huron River, Mich., on Friday, 24th June. He was one of a surveying party.

It is said that a constable, who served Acts summonses cannot be found in Lanark county.

Big Island wants a hotel, a kind of resort station for the people of Belleville. A faithful young fellow of Tweed wants a situation in a small family as semi-labour.

A new post office is to be erected at Deseronto at a cost of \$5,000.

About \$50,000 have been brought down the Mohawk river this year.

The gold ore that is being crushed at Bannockburn is turning out well.

One of the first slaves brought into the county is now owned by Wm. Conroy of Madoc Township. It is said in use for the township 25 years ago.

The R. C. picnic at Tweed on Wednesday was a great success.

As written an hour in Dr. Lewis' Pleasant Worm Syrup, will cure to destroy and expel worms.

## BELLEVILLE vs. KINGSTON.

Another Great Victory for the Home Team.  
Score 24 to 0. Large Crowd—Great Excitement.

When the game was called on the base ball grounds at 3 o'clock yesterday afternoon there must have been 1,000 people or more assembled, all awaiting the excitingly close game. The expectation was grounded on the brilliant 5 to 4 game at Kingston between the same clubs on Thursday last, in which the boys were the victors.

It was thought that the return match would be a repetition of the former contest. The Belleville showed up like little giants and did some good ball playing, as the following sketch will show.

Kingston went to bat at 3. Kanam put in some rather loose pitching, owing no doubt to the fact of the youthfulness of the game. Balls were called time out of number. Kingston men reached the base quite easily and it made Belleville look somewhat blue when the Kingston retired with 3 runs, 2nd, 1st, and 3rd.

John Fleming got an ovation for the rapid fielding of a sharp grounder, getting his man out on 1st. Jones went to the bat for Belleville and first, second, third and home in no time. This proved to be the only run for the Belleville.

Fraser, O'Leary and Lyons went out without getting a hit. Kingston took went up higher.

Kingston now laid the baton for the second time, but while it aside in being caught on a foul by Fraser who showed that his field play was quite as good as his pitching on a fly ball set out. Kanam got down to his business during the short stay of Kingston, and put in the shot in a warm manner. Walker went out as a sure catcher.

For Belleville's second inning Frank Lewis went to bat and retired on strike. Kanam next got hit by a ball's breadth. Walker out on foul. Fleming got to first and second and Kanam to third but died there, and Belleville registered a cipher.

Kingston to bat for the third time, 1st strike out, second out, and Barnhart in, while the bat got a fearful shot in back of the head, stunning him and laying him aside for the remainder of the game. As he was a strong man for the Kingston side of the game, universal regret was expressed by both teams and spectators. If he had heard the "Otha" "Poor lads" "I'm sorry" etc., from fair lips on the grand stand, he would have wanted to undergo the repetition of the ordeal. After an intermission of 15 minutes game was resumed, Kanam being taken out by the Kingston to fill out the nine. Nought was the score for this inning.

Trainer caught for Kingston. Allen pitched and the field was changed a little. Jones to bat for Belleville for third innings, got to 2nd on a beautiful grounder, the first two base hit of the day. He came home on Fraser's strike. Fraser came home, thus making the score stand 2 to 3. O'Leary out on a fly. Lyons got his first and careered comical amusement by stealing bases. Kanam batted his ball to center field, letting in Lyons.

Kanam came home on a passed ball. Walker went around the bases and home on a wild pitch, the Kingston man getting a little reckless in his delivery. Fleming got out and Belleville retired with 5 to their credit.

In the 4th innings the Kingston men went out on strikes, Belleville battery doing good play. Jones made a muff on 3rd and 1st Trainer added another unit to the Kingston score. Jones fired a wild ball to 1st, and instead of striking him he got to 2nd. Next three batters being out and retired with one run to the good.

Belleville's fourth innings was the golden one. Kingston got a little rattled. No less than 6 runs were scored. Jones, Fraser, O'Leary, Lyons, Kanam and Weeks being the collectors of the same.

Fifth innings for Kingston—Jones caught the first Kingston strike on left field, second man out in no time, and Kanam, who is not at all, only succeeded in piling up another goose egg.

In the 5th for Belleville Jones scored and Fraser got to third, but no batting was done to rescue him.

In the 6th innings for Kingston the first batter, next got to first on balls, but at second Lyons put him out, and another coming to the same point was dispatched likewise. Lyons is a good man.

Belleville's 6th innings. Some good work was put in by the Belleville during this inning. Jones out on home plate and Kanam, Walker and Weeks added three runs to the score sheet.

Kingston was put out in not more than three minutes in the seventh inning, the 5th run being scored rather quickly.

White was called rather quickly. In the 8th for Belleville Fraser, O'Leary, Lyons, Kanam and Walker were called rather quickly.

In the 9th for Kingston—Jones caught the first Kingston strike on left field, second man out in no time, and Kanam, who is not at all, only succeeded in piling up another goose egg.

In the 10th for Belleville Jones scored and Fraser got to third, but no batting was done to rescue him.

In the 11th for Kingston the first batter, next got to first on balls, but at second Lyons put him out, and another coming to the same point was dispatched likewise. Lyons is a good man.

Belleville's 11th innings. Some good work was put in by the Belleville during this inning. Jones out on home plate and Kanam, Walker and Weeks added three runs to the score sheet.

Kingston was put out in not more than three minutes in the twelfth inning, the 5th run being scored rather quickly.

White was called rather quickly. In the 13th for Belleville Fraser, O'Leary, Lyons, Kanam and Walker were called rather quickly.

In the 14th for Kingston—Jones caught the first Kingston strike on left field, second man out in no time, and Kanam, who is not at all, only succeeded in piling up another goose egg.

In the 15th for Belleville Jones scored and Fraser got to third, but no batting was done to rescue him.

In the 16th for Kingston the first batter, next got to first on balls, but at second Lyons put him out, and another coming to the same point was dispatched likewise. Lyons is a good man.

Belleville's 16th innings. Some good work was put in by the Belleville during this inning. Jones out on home plate and Kanam, Walker and Weeks added three runs to the score sheet.

Kingston was put out in not more than three minutes in the seventeenth inning, the 5th run being scored rather quickly.

White was called rather quickly. In the 18th for Belleville Fraser, O'Leary, Lyons, Kanam and Walker were called rather quickly.

In the 19th for Kingston—Jones caught the first Kingston strike on left field, second man out in no time, and Kanam, who is not at all, only succeeded in piling up another goose egg.

In the 20th for Belleville Jones scored and Fraser got to third, but no batting was done to rescue him.

In the 21st for Kingston the first batter, next got to first on balls, but at second Lyons put him out, and another coming to the same point was dispatched likewise. Lyons is a good man.

Belleville's 21st innings. Some good work was put in by the Belleville during this inning. Jones out on home plate and Kanam, Walker and Weeks added three runs to the score sheet.

Kingston was put out in not more than three minutes in the twentieth inning, the 5th run being scored rather quickly.

White was called rather quickly. In the 22nd for Belleville Fraser, O'Leary, Lyons, Kanam and Walker were called rather quickly.

In the 23rd for Kingston—Jones caught the first Kingston strike on left field, second man out in no time, and Kanam, who is not at all, only succeeded in piling up another goose egg.

In the 24th for Belleville Jones scored and Fraser got to third, but no batting was done to rescue him.

In the 25th for Kingston the first batter, next got to first on balls, but at second Lyons put him out, and another coming to the same point was dispatched likewise. Lyons is a good man.

Kingston need not be ashamed of the change of battery in the 3rd inning.

Match regret was felt at the mishap to Barnhart, and no doubt Belleville would not have made so large a score if it had not occurred.

Domestic Day.

Yesterday was quietly yet generally observed in this city. Business places were closed and the streets had an air of repose.

The Hero took a small party to Kingston in the morning at 3:30 o'clock. The boat was too early for many to turn out. The Annie Gilbert was fairly patronized on her various trips to Massena point, but the boat there was not so full.

May Porter was towed down at 1 p. m. and brought back at 7 o'clock well loaded on each trip. The Armenia seems to have succeeded to the popular place that the Victoria held in the morning.

She took a large excursion party to Deseronto, Glenora and Dutton in the afternoon leaving at 3 o'clock. The officers of the boat by their readiness to accommodate all times, have won little popularity.

In the city the ball match between the Belleville and Kingston teams was the only attraction. It drew an immense crowd of spectators, and the superior fielding of the Kingston team was a source of the worst kind. Parker Thomas, of this city, who played on the Stirling team, had his left hand disabled by a blow from a stick, and Judd, another member of the Stirling team, received a severe cut between the eye and the temple.

Domestic Day at Stirling.

Domestic Day was celebrated at Stirling by a lacrosse match between the Stirling and Norwood teams, which resulted in a wood winning three straight goals after an hour and a half's hard play. The first game was won in four minutes, the 2nd in one hour and twenty minutes, the last game ten minutes.

The Norwood team are sluggards of the worst kind. Parker Thomas, of this city, who played on the Stirling team, had his left hand disabled by a blow from a stick, and Judd, another member of the Stirling team, received a severe cut between the eye and the temple.

## Trenton Elevator.

The Trenton elevator was erected about twenty years ago by Messrs. A. L. and D. MacLellan, and purchased from them subsequently by Mr. Alex. Robertson, M. P. It was a most substantial and well constructed building with all the modern appliances, operated by a steam engine 30 feet distant. The fire occurred about 4 a. m., and the impression is that it originated from sparks from a tag boat which came in during the night with a tow of logs, and lay alongside the wharf at a distance of 30 feet from the elevator. She left at 3:30. Had there been any wind the result would have been most disastrous. At 30 feet distant is a large farm elevator, owned by King Mayhew, erected by Wm. Jeffs. This was saved by a fire proof warehouse lately erected by Messrs. A. and D. MacLellan.

In front is the MacLellan block, occupied by Messrs. Morav & Co., hardware; Messrs. Douglas, Bullen & Spadina, grocers, the Customs and Revenue office, Police Magistrate and police office, Mr. Robertson's office, which is in the basement.

These buildings, of English style, have been erected by Messrs. A. and D. MacLellan, and purchased from them subsequently by Mr. Alex. Robertson, M. P.  ALL YOU SUFFER with Dyspepsia and  
 Complaints? Shiloh's Vitaliser is guaran-  
 teed to cure you.

## EDITORIAL BRIEVES.

"States of duties on imports are far too high," re-echoes the advocates of commercial union. "What we want is to adopt the United States tariff, which is twice as high as the Canadian."

Only a short time ago, says the Toronto World, the Globe intimated that Canada must be made a "cheap country to live in" if it was to have any chance of competing with the United States. Commercial Union, however, would be a barrier to the United States. The assertion is glaringly false, but that does not mean it is untrue. "The poor workman," for whom it is so solicitous at election time, is not anxious to pay eighty cents a pound for butter, or else not to get a pound of butter, or else not to get a pound of butter, or else not to get a pound of butter.

The Montreal Witness sensibly remarks: "We do not altogether agree with Mr. Wiman when he says that the abolition of the lumber duties by the United States would be a good thing for our export of lumber to the United States. If these duties were to be removed, we are acting as a means to compel Canada to husband her resources until a time in the not very distant future when she will be able to export her lumber with far more advantage. Our forests are being rapidly cut with a rapidity altogether too great. Even if these duties do not act as a deterrent to lumber exports, they do act as a deterrent to the export of other goods. Canada will gain by the abolition of the duties. Canada can get the full price for her lumber regardless of the duty. The American consumer pays the duty."

Perry Davis Pain Killer.—Its effects are almost instantaneous, affording relief from the most severe pains.

## The Ayer Customs Case.

The evidence in this case on Saturday was so far completed as to enable the Chief Justice to adjourn proceedings until the end of the Court vacation, they being arranged to resume the hearing on Sept. 20, at which date Messrs. Wolff and Grosvenor, Canada agents, will be called to testify. The case will be argued, as Mr. A. A. Flint testified that he resided in Lowell, and from 1870 to Nov. 1881, worked for Ayer & Co. as packer in the petal room. He was present at the goods in the warehouse and assisted in putting the same in barrels. He also saw barrels filled with the red liquor in the petal room.

## The Crops.

Up to the present time no reports of damage to the crops from the prolonged wet weather have been received. There is some anxiety about, however, as there is but little to indicate that the harvest is being good. The hay crop, which was more abundant this season than it has been for years, is safe; the harvest is now in full progress, and the greater half being provided for against frost. Barley in some places was being reaped to succumb to the heat, but the recent showers which have refreshed the country in all directions about this city, have revived the crops, and given them a fresh start. Another good rain fall would fill the farming community with confidence and high hopes of an unusually bountiful yield from all departments of husbandry.

## A Much Talked of Eviction.

The eviction case at Mayo Bridge, near Newry, is being cited in all the United newspapers, as showing that the anti-rent demonstrations of Irish tenants are not always due to their inability to pay rent. In this case the tenant, O'Hara, had his house, and when the bailiffs forced the door open, they were met with a shower of boiling porridge water. The eviction was effected, however, after a prolonged struggle, and the furniture and other effects of the tenant were removed from the house. O'Hara finding himself without a roof over his head, then paid his rent and was reinstated by his evictors.

A bottle of the "Lotion of the Nile" is most acceptable present to a lady.

In obedience to Mr. Parnell's command, the Dublin Nationalists have unanimously nominated Mr. Sexton for Lord Mayor.

The French Chamber of Deputies by a vote of 317 to 211 rejected the proposal that printed newspapers should be kept in the hospital ambulances instead of doing active army services.

At West Kankakee, the children, like Dr. Lewis' Kidney and Syrup and parents rejoice over its virtues.

Pacific Railway for the last week was \$302,000 compared with \$293,000 for the same period of last year, showing an increase of \$9,000 for this year.

The Political Correspondence says that Enchanted and Italy's "School of Infamy" was offered the chief justiceship of the Court of Appeal and that R. G. Dalton, master of chambers, will be offered one of the vacant judgeships.

A New Orleans despatch says that as a result of the recent riot at Oak Ridge 12 negroes and one white man were killed. Some of the former were caught and hanged. The whites are in pursuit of the negroes implicated in the riot, but no negroes and one white man were killed.

It is expected that the new building shortly by completed, when the Minister of Militia will at once organize the new corps. Mr. J. H. B. Smith, of the Toronto, is confidently spoken of as the commandant, with promotion to a colonelcy.

## Correspondence.

What correspondence will be accepted for the expression of their views on topics of the day, and to be published in the columns of the Intelligence.

Mr. Ennos.—As compositors have so much manuscript to set up, written very illegibly, it is not surprising that they should blunder slightly in setting up from any plain writing. You make a mistake in the word "salvaged" for his native country a trade policy. You make a mistake in the word "salvaged" for his native country a trade policy. You make a mistake in the word "salvaged" for his native country a trade policy.

Yours truly,  
GEO. D. DICKSON.

To the Editor of the Intelligence.

Dear Sir,—I notice by the report that the last session of the Council in your city was very largely attended, in consequence of the cheerful and bright report presented to that body. Would it not be better, as there is a market established, to strengthen it by the cheerful and bright report presented to that body. Would it not be better, as there is a market established, to strengthen it by the cheerful and bright report presented to that body.

A PATRON.

GET THE BEST.  
Dr. Fowler's Kidney & Bladder Pills are the best, most prompt and safe for children and adults. They cure all urinary troubles, and are the only medicine that can be used with safety.

The Afghan Situation.

EVENTS IMMINENT THAT MAY LEAD ENGLAND INTO WAR.

LONDON, July 5.—The news from Afghanistan is really serious. The latest telegrams announce another defeat of the Afghans by the British and states that the inhabitants of the Herat province are ready to join the British.

The fall of the Afghans' power may be followed by circumstances which would excite Russian occupation, and the Persians have in former times regarded such possession of Herat as sufficient reason for war.

But now, so the Persian minister has informed Lord Salisbury, the Shah would not lift a finger against the Russians. Russian occupation of Herat would undoubtedly be followed by English occupation of the same.

The Afghan situation is one of the most serious of the present time. It is one of the most serious of the present time. It is one of the most serious of the present time.

Result of an Open Switch.

A C. P. PASSENGER TRAIN OVER AN EMBANKMENT—A LARGE NUMBER WOUNDED.—THE ENGINEER AND FIREMAN FATAL.

GALT, July 5.—The eastern express train of the Canadian Pacific Railway, due at 5:20 p.m., ran off the track about one mile west of Galt at a gravel pit near Barry's Cut. It appears the men employed on the gravel train at the pit left the switch open. The express went through the open switch and down the embankment 20 or 30 feet high into swampy ground. The engine, baggage car and smoker rolled down the embankment and turned over. The next coach, occupied principally by ladies, is partly off the rails, the front end being under the bank.

The injured passengers were brought to the Queen's Hotel here, and are being attended to by the town doctors. None of them are thought to be fatally injured. The names of the wounded are as far as known at present are as follows:

Engine driver J. R. Sprague, Toronto, badly shaken.

Conductor Randall, Toronto, cut on the head, bruised, and bruised on the shoulder.

Fireman Wm. Johnston, Parkdale, the body badly shaken.

Baggageman George Lawrence, Toronto, slightly injured on the spine.

John Bright, New Agent, cut on the head.

Wm. Dean, insurance inspector, Toronto, on the head and leg.

Mr. Johnston of Ayr, slightly injured.

Prof. Trowbridge of Columbia College, New York, Gen. Taylor of Dalnair, and Rev. D. Clement of Ridgeway, badly shaken.

Miss Annie Cruikshank of Detroit, slightly injured on the back.

Mrs. Rein of Hildesheim, cut on the head and injured on the side.

Mrs. Hadley of Amherstburg, slightly hurt.

Farrell, drug traveler, Montreal, slightly injured.

The engineer and fireman are fatally hurt.

IT IS NOT DISPUTED.  
That the new plan remedy, in the form of a small, neat, and handy, is the most perfect preparation as yet made, but it is not the only one. It is the only one that is not only perfect in its action, but also in its appearance. It is the only one that is not only perfect in its action, but also in its appearance.

THE TRIUMPHANT THREE.  
During three years suffering with Dyspepsia, the almost weary journey of the last three years was a relief. The three little completely cured me. W. N. K. K. K.

## A Diver's Fight with a Shark.

HE CUTS A HOLE IN THE BIG FISH AND FIGHTS A BATTLE THROUGH IT.

A diver named Quintre had a remarkable fight with a formidable fish called the boudin or boudin, a kind of shark, which he killed. Quintre had a narrow escape. Another of the fish was employed by the Government, and in pursuit of his daily labor, disengaged, in a diving apparatus, the boudin for the purpose of laying the foundation of an addition to that structure.

While he was at the bottom of the sea the men who were working the air pump in the boudin boat were suddenly startled and frightened by feeling the alarm signal. They instantly pulled up, and brought a large boudin, nearly eight feet long, to the surface. The marlin monster's head formed three quarters of its length. It was a small, sleek, and handsome animal. Shortly afterward Quintre came up, his hand on the air pump of the boudin, and his hands only his stone chisel and a hammer, and he intended to go for a crowbar at once, but the fish was too fast for him.

It came toward him through the green water with its enormous jaws open, and without losing a moment Quintre managed to wound the animal in the throat with a few weeks of the marlin. He was not, while he drew his knife and made a hole in its body, through which he passed a rope, and thus sent the fish to the surface. It had not been for his quickness and dexterity the diver, owing to the rents which the fish had made in his apparatus, would have been drowned and then devoured. As it happened, it was the boudin's body was so badly wounded that it died. The body was divided among the victor and his comrades, who made a capital dinner of its prime parts.—London Telegraph.

HOW TO GAIN FLESH AND STRENGTH.  
Twice each week send your Emulsion (it is as palatable as milk. Indicate people improve rapidly upon it. It is the best food for the weak and the sick. It is the best food for the weak and the sick. It is the best food for the weak and the sick.

Another British Canal Scheme.

LONDON, July 5.—The successful start that has been given to the Manchester canal project has given a fillip to another scheme which contemplates the connection of Birmingham with the sea by a canal.

London, with the British canal. The former route meets with the greatest approval and will likely be adopted. The plan is entirely practicable and the co-operative cost of its being carried into effect not unduly high.

SLEEPLESS NIGHTS made miserable by the noise of the city. The noise of the city is a great nuisance. The noise of the city is a great nuisance. The noise of the city is a great nuisance.

Wanted.

Wanted.—A general servant wanted at the City.

DECORATION DAY.

THE Joint Committee request that the brethren will assemble at their respective Lodges at the hour appointed on Friday, 8th inst. Visiting Brethren are respectfully invited to attend and take part in the proceedings.

THE HOTEL FOR SALE.

THE undersigned offers for sale the North American Hotel, Toronto, with all its furniture and fixtures, bedding, &c. Possession given immediately.

THOS. REYNOLDS.  
Toronto, July 5, 1904.

Saturday Afternoon Excursion.

Belleville to Davy's Island, Glenora & Picton.

Returning by moonlight.

On SATURDAY next, JULY 9th.

## PROBABILITIES.

Tuesday, July 9.—Lakes.—Fresh south-west, strong to west and north-west winds, mostly fair and very warm with a few local showers and thunder storms. A little cooler to-morrow.

The Listemann Company.

The tickets of the Listemann Concert Company of Boston to be given on Thursday evening, are meeting with ready sale. The most desirable seats have already been secured. The company are receiving un-erected press notices of a most flattering character wherever they appear.

## Police Record.

Chas. Dring, drunk, was fined \$2 and costs. Thos. Collin, trespass upon the Grand Trunk, discharged. Herman Lilly, burglar, was given half an hour to leave the city. He wore two coats and an eye glass. Alfred Cook, trespass, \$5 and costs or 15 days. He went up Win. Shaw, up on remand, ordered to leave the city.

A printer tramp gave the name of John Hughes when arrested for drunkenness last night, but confessed in court this morning that he had been christened Wm. Kennedy. He wished to keep his name from the papers. He had an odd of a prize fight, which the court confiscated. He was fined \$3 and costs or 10 days and went up.

Perry Davis, Pain Killer.—His effects are about everywhere, affording relief from the most acute pain.

## Young Ideas.

Sample Answers to Entrance Examination.  
Examiners who go over the papers of the pupils who write at the examinations for promotion to the High School generally find their work as dry as the desert, but occasionally they strike an oasis. The following answers to the questions of one of the papers will give an idea of the spirit the examiners find.

Give the feminine plural of Duke. Ans.—Dukes, Dukesses, Dutches, Dutches, Dukesses, Dukesses, Dukedoms, Dukedoms.  
The feminine plural of husband. Ans.—Womans, women, wives, husbands.  
The feminine plural of hero. Ans.—Heiresses, she-heros, heroines, heroesses.  
The feminine plural of goat. Ans.—Nanny-goats, Nany-goats, Nannie-goats, yea, yea.  
The above questions and answers were read to the Board of Education by the chairman last night, and created great merriment.

## Base Ball.

Great Agility in the Field.—A Victory for the Tigers.

The INTELLIGENCER'S "Pet Tigers" having received notice of their own overwhelming defeat of last summer, met the "Independents" yesterday afternoon on the Hospital lot, and after a hard fought contest succeeded in vanquishing their opponents and covering themselves with glory.

The game was called at three o'clock—the Tigers going first to the bat—and the bat-tered with unabated vigor for three hours. There was quite a crowd of spectators, most of whom were first in the place, and many of them were first in the place, and many of them were first in the place.

## DECORATION DAY.

An Immense Gathering at the Cemetery.  
The Graves strewn with Flowers by Willing Hands.

The Oldfellow has evidently found a chord in human nature that is easily touched. They have an example that hundreds are moved to follow, from deeper and more lasting feelings than fraternal love. The members of the lodge miss a good deal of the pleasure of the day, but the health the vacant chair is always present and the aching heart is not easily soothed. Anybody at the cemetery yesterday could not but notice that kindred kind drew the greater part of the multitude to the place, and that but few graves were neglected. The Hero took three loaves up and hundreds drove in carriages. There could not have been less than 1,500 or 1,800 on the grounds.

The Oldfellow met at their respective lodges after dinner. The band escorted the members of Mingo lodge to the corner of Belleville lodge, when the united bodies moved down to the boat. It was 3:30 when they reached the cemetery. They proceeded to their plot, when Rev. A. L. Gien, N. G. of the day, seconded the motion. The Rev. Prof. Gien, Chaplain, offered a brief but appropriate prayer. The members of the order then dispersed, there being a detachment of each, dressed in uniform and provided with three floral links and bouquets. It took some time to make the circuit, but the duty performed the party again sought the boat just as a light shower came up and at 7 o'clock the last load was landed at the city wharf. The day was bright and warm in the afternoon, but a cool breeze prevailed from the west.

The graves decorated by the Order are as follows:

REVEREND BELLEVILLE LODGE.  
Bro. H. C. Seider, born 1849; joined Belleville Lodge No. 81 Jan. 10, 1872, died 1887.  
Samuel Robertson, born 1850; joined Lodge Jan. 31, 1872, died April 1883.  
Geo. Richie, joined Lodge Feb. 14, 1872, died in 1877, aged 45 years.  
F. L. Bogart, joined Lodge Jan. 2, 1873, died Sept. 27, 1873.  
Geo. C. Dwyer, born 1848. Joined Lodge March 20, 73. Died Sept. 16, 1877. John Templeton, born 1848. Joined Lodge June 25, 1874. Died Nov. 29, 1878, aged 37.

H. McGregor, born 1862. Joined Lodge Dec. 21, 1878. Died Dec. 20, 1878.  
J. A. Clarke, born 1862. Joined Lodge Sept. 19th, 1878. Died Feb. 6, 1882.  
Rev. Anselm Schurmer, born at Frankfurt, the Main, Germany, 1839. Joined Belleville Lodge by card Jan. 4th, 1881. Died June 10th, 1885.

Richard Fairburn, born 1843, joined the lodge in 1875, died Jan. 21st 1887.

MEMBERS OF MINGO LODGE.  
Bro. W. A. Foster, born 1837. Joined Mingo Lodge Nov. 17th, 12th Feb. 1875, died 30th of Sept. 1881.  
W. S. Miles, born 18th April, 1831; charter member of Mingo Lodge, 6th Feb. 1874. Rec. Secy. for term commencing 1875, died 1st Aug. 1876.  
Joe E. H. Foster, born June 10th, 1840, joined Lodge 29th Dec. 1876, died June 17th, 1880.

R. P. Day, born 1843; charter member Mingo Lodge 6th Feb. 1874, died 17th June 1875.

Rev. Dr. W. C. Clark, born 1843; joined lodge 27th March, 1882; died Oct. 13th 1883.

W. H. Phillips, born 1844; joined lodge 24th April, 1874; Per. Secy. for term commencing Jan. 1876; died 6th May 1876.

Wm. Dwyer, born 1839; joined lodge 20th Aug. 1883; died 22nd May 1885.

Peter Morgan, born 1859; joined lodge 10th March, 1878; died 17th Jan. 1884.

Eighteen Oldfellow in sleeping at the cemetery.

Most places of business were closed. There never was a larger crowd at the cemetery.

The interest in Decoration Day seems to be increasing each year. Each year the Oldfellow do not turn out as largely as usual yesterday.

The caretaker keeps the grounds in excellent order.

Everybody noticed it and had a good word to say.

Capt. Nicholson would not allow any more than 425 on the Hero. That is the legal capacity of the boat.

He is a conscientious officer—quite a curiosity.

A well with plenty of water is much needed at the cemetery.

Those who watched the movements of a small yacht off the cemetery, thought for a moment that the bay was to be Wallburged.

But few ventured out in row boats. It was too warm work.

The 12th of July.

## Cooking Secret Springs.

Human Thermometer.—A useful Invention.—A Successful (C) Recipe.

The Water Works Company are nothing if not obliging, as all who have witnessed the careful record for the public convenience with which they have carried on the work of excavation will readily admit. That they are equally desirous of discovering the best point in the bay from which to draw their supply of the indispensable fuel was evidenced last night, when at their invitation a number of prominent citizens—including the Mayor and several Aldermen—took a trip on the steamer Annie Gilbert to the locality whence oil is procured to draw the supply. The object was to fix the exact spot where the supply pipe shall be located, and the operations were under the able direction of Mr. Geo. H. Pope and Superintendent Shannon. The Gilbert came to a standstill in the vicinity of a buoy which the company had anchored a short distance to the west of 7 1/2 k's Island, while the ladders of the enterprise and two others rowed to the island in a skiff. Soon one of the party divested himself of his clothing, assumed a pair of overalls, entered the water and struck out boldly in the direction of the aforesaid buoy. Mr. Pope rowed to the main land and returned with four more men, all of whom followed the example of the first, and soon five strong swimmers were battling with the waves which rolled against the shore. The object of this mysterious proceeding was soon found to be the discovery of one or more of sundry springs which are said to find vent in the bottom of the bay thereabouts, and in the midst of which was proposed to lay the outer end of the supply pipe. The location of these alleged subaqueous feeders of the bay was to be determined by the lower temperature of the water where they were supposed to occur, and the swimmers were to act as human thermometers—self-registering of course—and so to achieve the desired object. The swimmers disposed themselves with great equanimity, the steamer made uneasy starts and twists and twinges as if impatient at the delay; some of the passengers expatiated on the dryness of the water and indulged in other small criticisms tinged with sarcasm—but nothing of importance happened for some time. But, as the clock of patience on board the steamer was all but exhausted, a change came about in a twinkling.

A mysterious-looking craft, which had for some time been observed making its way—urged by the brassy arms of two powerful rowers—glided on to the scene. One of its occupants—a wizard of well-known power and ascertained skill in determining the location of aqueous vents—muttered a brief incantation, and lo! presto! change! one of the human thermometers registered! This feat, we may add, threw into the shade that of a former Alderman of this city, who, by the aid of a diving rod, discovered a site for a wharf, the opposite his own door. The shout brought others of the thermometers to the spot (which is about 70 yards west of the buoy), they tallied, a buoy which was brought for the purpose was anchored, Mr. Pope sent a big tug to get it filled with water from the bottom, and soon all were safely returned to the landing at the foot of Dundas Street.

We have, in this connection, some suggestions to make, namely:

1. It is scarcely possible that any spring large enough to supply the city's wants exists in the bottom of the bay. It follows that, unless the location of the spring is the best site for the supply pipe, the spring out to be disregarded.

2. The spot where the buoy was located last night is evidently too near the shore, as strong winds from west, south west or south-east would roll such a sea up on the island that the source of supply would be rendered muddy.

3. It would be better to run the pipe further out into the bay in the deepest water, in order to avoid wave motion and contamination from the shore.

HOW TO GAIN FLESH AND STRENGTH.  
Use after each meal Scott's Emulsion; it is as beneficial as with delicate people improve rapidly upon use. For Consumption, Throat Affections and Rheumatism it is unequalled. Dr. Thomas' also says: "I used Scott's Emulsion on a child eight months and he gained four pounds in weight. Put up in 50c. and \$1.00.

RUNAWAY ACCIDENT.  
A Narrow Escape from a Horrible Death.

A carpenter named Charlie Bashaw had a narrow escape from death on North Front street last night. He was in a light wagon with John Henderson, who lives north of Albert College, when the horse took fright at a large dog lying in the road near McCormack's grocery, and turned sharply about. Mr. Henderson was thrown out, and Bashaw, in jumping, caught his foot in the wheel and was drawn under the vehicle. With great presence of mind, he grasped a spoke with one hand and the reins with the other. He kept the wheel from turning, but was in such a cramped position that he could not get his foot released. All this time the horse was running west toward the rifle butt commons, kicking as it went, and heels flying close about the head of Bashaw. Alarmed, the horse was being dragged over the rough ground and had his eye wound in the head, he kept his hold, and was finally rescued from the wreck and taken to his home on College street. He refused to have a doctor. His bones are broken, but he complains of considerable pain about his back. His pluck and hardihood saved his life.

The "Rough Flavouring Extracts" are made of great purity and strength. Take no other.

To Avoid Blisters or Grey Hair.

Use Dr. Dorewond's Great German Hair Magic. It keeps the scalp clean and free from dandruff and promotes the growth of the hair. It prevents premature greyness and stops any falling out of the hair. On bald heads, where the roots have been destroyed, it will induce the growth of a new growth of hair. Ask for Hair Magic. It is the only reliable. For sale by all druggists in Belleville and all parts of Canada.

## Band Excursion.

The steamer Hero took about four hundred friends of the Oldfellow's band up the bay last night on the moonlight excursion. A short call was made at Trenton, when the party returned to the city. The weather was delightful for the purpose. The trip was much enjoyed.

A Jubilee Methodist Sunday School Gathering.

A committee in Nanapan are trying to arrange for a Jubilee Methodist Sunday School demonstration at Massawissa Point on July 17th and 18th, when the cooperation of all the Methodist Sunday Schools from Pictou to Bellefleur. It is found difficult, however, to arrange it owing to the lack of steamboats. The Quinte is much missed.

Horror Discomper.

A most mysterious horror disease is manifesting itself in this country. It is reported that Mr. Harford Ashley lost three animals during the past week. The animal first coughed, then refused to eat, then weakens and died. The symptoms follow each other in close succession and soon claim the victim. A similar distemper is raging in the western part of the Province. So far it has baffled veterinary skill.

Cheese Shipments.

Quite a quantity of cheese was shipped from this district this week, as follows:—Hodgson Bros. 3,500 boxes J. K. McCarger 500 J. T. & F. H. Warrington 3,500 and J. Brower and J. Catter a car load each.

The total shipment from Montreal this week will exceed all previous records and for the first time is heavier than the United States weekly shipment.

According to authorities returns the shipments for the week ending July 5th were as follows:—

S. S. Circassian 18,700 boxes for Liverpool  
" Vancouver 3,177 " " Glasgow  
" Siberian 8,607 " " Liverpool  
" Escalona 10,671 " " London  
" Albatross 5,869 " " Glasgow  
" Quebec 20,000 " " Bristol

Total 75,460  
The shipment for the corresponding period last year was 59,238 boxes.  
The shipment from the United States this week were 56,000 boxes.

IN BETTER HUMOR NOW.  
"My son, aged seven, was cured of an eruptive fever which covered his head and face with sores by two bottles of Burdock Blood Purifiers, sold by Mrs. Mary Follett, of Port Hope, Ont.

Sporting Notes.

The Atlantics is to have a new outfit of canvas from Oldreave & Horn, Kingston.

RACE.—The Canadian winners at Niagara Falls yesterday were: Ladies three in a light water weights race, three quarters of a mile: Valour first and Maggie May third in a ladies race one and a half miles.

Murphy drove Maud S. a mile in 2:15 the other day. He did it in about ten days she could go in 2:10.

At St. Paul, on Monday, Patron, son of Farnsworth, in a stubbornly contested race, he captured the first heat in 2:19, lowering his record a quarter of a second, and the second heat was declared dead, between him and Arab, time, 2:19. Arab now began to fall, and the track grew heavy and slow. Arab won the third heat in 2:29, and Patron the fourth in 2:24. The race then went over until Tuesday, when Patron won the fifth and race in 2:20, Arab being half a length behind. Patron, who is owned by Merrill & Scott, of Toronto, Ont., was the favorite at \$50 to \$15 for the field. The other competitors were the jockey Charles Hilton and the brown gelding Joe Davis.

RACE.—Toronto beat Newark 4 to 2. Hamilton was beaten by Jersey City 6 to 4. The Park Nine of Kingston defeated the Pastimes of Ogdensburg yesterday 15 to 0.

## The Sensation of the Day.

The public are prepared for anything like a moderate sensation, but they are not prepared to believe that any dry goods store is actually selling goods at cost price. But seeing is believing, and if you just call at BRIGNALL & THOMPSON'S you will find it to be a fact.

Never mind the crowd, you will get waited on sooner or later, and save fifty per cent. for your trouble in waiting.

## A WORD TO THE WISE IS SUFFICIENT.

The Stock of Summer Goods MUST BE CLEARED OUT!

And very low prices being the only sure way known to us, we have adopted that plan for ONE MONTH; of course every sale must be for spot cash.

BRIGNALL & THOMPSON.

## FOR THE 12TH OF JULY.

A lot of White Vests arrived per express to-day. Call early and secure size. Sold at \$1.00 each. The only place in Belleville to buy these vests is at

S. G. RETALLACK'S.

A few K. K. coats left at \$1.00. The shirt maker and gent's furnisher.

## HAMMOCKS.

Splendid assortment \$1.25, \$1.40, \$1.50, \$1.85 and \$3.00 each. A full line of Spalding's base ball goods. Allan Quartermain, Rider Haggard's, latest novel, a sequel to King Solomon's mine. Palm leaf fans 24c. doz.

J. C. O'FARRELL'S.

MUST BE SOLD AT COST.

Light Colors Stiff Hats at cost. Latest style Straw Hats at cost. Light Color Soft Hats.

S. A. HYMAN.

EVERY PERSON PURCHASING TEA OR COFFEE

at our stores this week will be presented with a beautiful JAPANESE FAN.

STROUD BROS.

S-A-L-E

GEORGE RITCHIE & CO'S.

The Annual Summer Sale of Surplus Stock will commence on

THURSDAY, JULY THE 7TH,

Goods offered at this sale consist in part of Dress Goods, Prints and Muslins, Table Linens, Mantles and Millinery, Towels and Towelling, Sheetings, Hosiery, Cloths and Tweeds, Carpets, etc., etc., etc.

Many good bargains to be had at this sale. Terms cash.

## Daily Intelligencer.

On the Boundary Line.

It was a very cold night. The mercury

dropped thirty degrees below zero.

I was compelled to take refuge in my

parlor and sit by the fire.

A series of accidents, culminating in a

railroad casualty that made the

news of the day, had been just

when a man of my temperament

had been out for a long time.

I was married on the 25th, and here was

the 26th. I was prepared to marry the

man I loved, and here was the

26th. I was prepared to marry the

man I loved, and here was the

26th. I was prepared to marry the

man I loved, and here was the

## THE PRINCIPLE

## OF TREATMENT

## COLD MEDICATED.

N. Washington, M. D., L. C. P. S. O., &amp;c.

EMINENT THROAT AND LUNG SURGEON.

With the Belleville, Henderson House.

JULY THE 29TH

DISEASES TREATED—Cancer of the Head and

Throat, Catarrhal Discharges, Croup, Bronchitis,

Asthma and Consumption. Also all the

New Remedies. Consultation Free.

Office: 215 Yonge Street, Toronto.

Wrote for particulars.

IMPORTANT TO ALL

Who are ill or have thin, grey hair, or who

are troubled with DANDRUFF.

DR. DORENWEID'S

GREAT GERMAN

HAIR MAGIC

It will find invaluable for the hair and

scalp. It cleanses the scalp of all dandruff

and restores the growth of the hair, and in

cases of baldness where there are the slight

signs of loss it will produce good results.

It restores the hair to its original color, and is an excellent dressing.

Do not delay if your hair is in a weak

condition but get a bottle at once.

For sale by all druggists in Belleville

and all parts of Canada.

A. DORENWEID,

Sole Man, Toronto, Canada.

Refrigerators

THE LEONARD DRY AIR

CLEANABLE REFRIGERATORS.

We have just RECEIVED a choice lot

of the above direct from the manufac-

turers. PRICES VERY LOW.

C. F. Smith &amp; Co.

## Daily Intelligence.

LOST!

But the simple fact that these modern

ships were not rewarded after the Greek

captain, who was proclaimed, with her eyes

snapping venomously, that there was

a big black hawk in the air, and that

the right arm extending across the

water, was the arm of the devil, and

was somewhere about of that way from

the house. She told them they had not

looked for the lost child, but were waiting

around the house, while the blessed lady

stayed and the big black hawk stood over

him.

The fortune-teller came back to the

house, held a final seance with the

two-pot divinity, and declared that the

'wreath child' was within half a mile of

the place, and if they would only look

they would be almost certain to find him,

and that if they did not look within two days,

the big black hawk would be the

'lost child' of the fortune-teller. After this

the fortune-teller was put into the wagon

and he was taken to the house. It was

in accordance with the known per-

sonality of human nature, that the faith

of the believers in the fortune-teller was

not even in the slightest degree shaken.

The company, having been increased by

more than a dozen persons, organized for the

search. The company ranged the man in about twenty

feet, extending across the wide open

field and the pasture. The men were

directed by the colonel. 'Draw to the left,'

he said, 'as he explained it, for the first

time the man at the left and kept twenty

feet from the man and observe all the ground

which was given, and the line, more

than half a mile long, began to move

towards the plateau, sweeping from the

road by the houses across the clearing to

the woods. It was a magnificent

sight. The long plateau, the long plateau,

under the instruction of their commander,

swept the woods, the woods, the woods,

and then, doubling back, made semicircular

curves, going deeper and deeper at each

return to the primary front. The limit

of their marching and countermarching in

one direction was a river too broad to

cross, and the other was a river too broad

to cross, and the other was a river too

broad to cross, and the other was a river

too broad to cross, and the other was a

river too broad to cross, and the other

was a river too broad to cross, and the

other was a river too broad to cross, and

the other was a river too broad to cross,

and the other was a river too broad to

cross, and the other was a river too

broad to cross, and the other was a

river too broad to cross, and the other

was a river too broad to cross, and the

other was a river too broad to cross,

and the other was a river too broad to

cross, and the other was a river too

broad to cross, and the other was a

river too broad to cross, and the other

was a river too broad to cross, and the

other was a river too broad to cross,

and the other was a river too broad to

## Again Crowded Out.

We have been compelled, by an extraordinary pressure of news, to hold over Mr. Dickson's letter for another day. It will appear without fail in tomorrow's issue.

## Faint Humor.

A rumor was freely circulated through the city this morning, that a young daughter of the late Frederick Frost had died last evening in convulsions. Upon inquiry the rumor was found to be groundless.

## Police Court.

In the Police Court yesterday morning Bridget Deasy, drunk and disorderly, was remanded for a week. John Gannon, drunk and resisting arrest, was fined \$5, and on default 30 days in goal.

## The Yacht Club.

The adjourned meeting of the Yacht Club will be held at the Hotel Royal tonight. Every member who desires to make the forthcoming regatta a success ought to attend. There is much to do, and so far there have been few to do it. Let all "bear a hand."

## TEMPERATURE.

As Registered by Dr. Bell's Self-Registering Thermometer.  
Wednesday, July 27, 9 a. m.  
Maximum 88, minimum 63.  
Barometer 29.72.

Thursday, July 28, 9 a. m.  
Maximum 89, minimum 64.  
Barometer 29.70.

## Steamer Hero.

The Hero did not reach Belleville last night on account of a very heavy fog, which made it dangerous to proceed.

Her Friday trip this week will be under the auspices of the Sunday School of Napanea to Massena Point. See advertisement.

July 28th and August 12th were arranged for before it was arranged that the steamer would run Friday afternoon to Napanea. So the engagements will be kept but no other Fridays will be given.

## Death from Fever.

A young man named D. Liberty, from St. Thomas, a student at Ontario Business College, and a member of No. 2 Company 16th Battalion, died of fever yesterday morning. He had been in rather poor health before he took ill with fever, and when the crisis came could not rally. He was greatly esteemed by the teachers and pupils of the College, and by his comrades of the 16th, who are greatly grieved over his death. The remains were buried in an early train this morning. The military furnished an escort to the station.

## The Annual Regatta.

At the meeting of the Regatta Committee of the Yacht Club on Tuesday night, the necessary arrangements for the coming regatta were made. It was resolved to start the yachts at 11:30, the first gun being fired at noon. The following gentlemen were appointed to officiate for the day:  
JUDGES.—H. Corby, A. Robertson, M. P., and W. L. Fellows.  
TIME KEEPERS.—S. A. Spangenberg, S. S. Laxer.  
STARTERS.—S. R. Balmill, and W. N. Pouton.

## Fires.

There were two fires during the night, and fortunately neither caused serious damage.

The first, at 11:30, was in a room in the Henderson House, owing to the explosion of a coal oil lamp, and was comparatively insignificant.

The second, at 2 a. m., was at the residence of Mr. H. J. Sweeney, a laborer, on Yeomans' Hill. It resulted in the burning of a shed and the loss of property valued at \$250.

The fire brigade were promptly in both cases.

**Serious Accident on the Grand Trunk.**  
A man Strickland, a Train-Probationary, was killed.

On Tuesday evening, the regular train from Peterborough struck and knocked into the ditch a man who was sitting on the line near Corby's mill. The train was stopped and the railway employees and others went to the assistance of the injured man, who proved to be Thomas Greer, a man who lives in that vicinity. It was discovered that he had been struck on the head by the step, which inflicted an ugly wound. Dr. Wilson was sent for, and found that Greer had sustained dangerous injury to the right leg. He gave up his opinion that the patient's recovery is very doubtful.

**The Waterworks Strike.**  
Mark Men John the Strikers.

Mr. Shannon, the superintendent of the water works company, stated that the rate of pay was as follows: Linemen (of whom only five are employed) \$1.50 per day; drivers \$1.00 per day; 100 ft. constituting a day's work, or over that amount they may be increased or reduced. The rate of 14 1/2 c. per foot; pick and shovel men \$1.25 as the standard, a few inferior hands being paid \$1.

The men, who asked a uniform rate of \$1.50 per day and no docking, made their demand at 10 a. m. on Tuesday, and on being refused left their work. In the evening they waited upon Mr. Shannon, who again declined to accede to their demand and informed them that only one of the strikers as had been found guilty of joining the strike would again be employed by the company.

Yesterday afternoon a number of the strikers and their friends endeavored to capture or force a gang of men who were carrying the pipes near the main pipe to join the strike. Some of the strikers were in fighting mood and used threats. They got one man to "leave his work" but the others continued to dig, and the strikers were not able to do anything.

This morning the gang employed at this part of the work numbered six.

## St. Michael's Church Picnic.

A GRAND SUCCESS.  
Over 3,000 People at the Agricultural Show.

Other Picnics and Excursions.

The St. Michael's Church picnic yesterday was a grand success—both financially and otherwise. The weather was propitious, the people smiling and happy and everything went off as smoothly as the proverbial marriage bell. At quite an early hour Front Street was thronged with promenaders waiting for the Frémont's party. About 10:30 an accurate count arrived from Kingston, bringing the Sons of England, the Kingston base ball club, and some 300 of their friends from the line-up city. They were met at the depot by deputations from the city lodge of the S. of E. and escorted down town.

The Frémont's parade took place shortly after, and as the brave fire ladders marched to the music of the Oldfashioned band, they were favorably commented on by the crowd who lined the sidewalks. After their arrival at the park the programme for the morning was commenced with the first event being a running race of ten miles. A mile open to all horses owned by any livery stable keeper. First prize, \$10; 2nd \$5. There were two contestants, Michael McMahon's Little Dick and L. O'Brien's Brown Tom. The former was an easy winner.

The next was a trotting race; open to all butchers' horses; best 2 heats in 3; twice around the ring. First prize, \$10; 2nd \$5. There were two entries in this race, John Smith's butcher boy, who proved the winner, and G. Gibson's butcher maid.

In the running race, open to all farmers' horses in the Province that never won public money; best 2 heats in 3; twice around the ring. First prize \$10; 2nd \$5. Wm. Tripp's Dexter succeeded in getting first place; McMahon's Little Dick second.

An adjournment was then made for dinner, and the excellent bill of fare provided for by the ladies of the congregation heartily partaken of.

The remainder of the programme was then proceeded with.

The bicycle race, open to all members of Ramblers' Bicycle Club; dash of 1 mile; prize silver cup, \$10; 2nd prize \$5. Wm. Tripp's Dexter was won by L. B. Corby. The freeman's race was won by D. Orr, W. J. Orr second.

**The Baseball Match.**  
An Indifferently Played Game. Belleville Wins an Overwhelming Victory.

The great event of the day was the base ball game between the professional teams of the Belleville and Kingston clubs. Great interest was attached to the match, as it was the third meeting of the teams, and Belleville having won the two games played, the Kingston had in order to avenge their defeat. The strength of the teams was the substitution of Ed. Spangenberg, a strong player, and charge pitcher, in place of Pomeroy. They presented as their battery Young and Bainmather, the latter of whom was, it will be remembered, dethroned by a pitched ball, when at bat in game here. It was then claimed by the Kingston that that accident deprived them of the victory, with what justice let the score of yesterday decide.

Belleville's line was made up as usual, the two seasons Sabath and Fitch playing in their old places, whilst the "old reliable" Farrell and Jones formed the battery.

Game was called with Kingston at the bat, and three runs were scored, chiefly as the result of overthrows by Jones. Belleville followed with a single, and the host of the visitors ran high. In the second innings, however, they were blanked and Belleville scored five runs, mainly through a bad play of Eulbeck, and the visitors were much depressed, but still hopeful. In the third and fourth innings neither side added to the tally, but in the fifth Kingston, again aided by the bad play of the home team tied the score with three runs. The backs of both teams were now shaky, but only for a moment, as the Bellevilles, by free hitting and a good deal of running by their opponents, made no less than seven runs.

In the next two innings there were no runs to record. In the eighth Kingston added a single and Belleville was once more whitewashed. Finally, as the visitors failed to score in the ninth, Belleville did not go to the bat, as the game was theirs by 13 to 7.

The score by innings was as under:  
Kingston.....0 0 0 3 0 1 0 7  
Belleville.....0 0 0 0 0 0 0 13  
Total.....0 0 0 3 0 1 0 20

The game was umpired by Gilman, of Toronto, in a most satisfactory manner, not one of his decisions being questioned, which is something unusual.

The play generally was not up to the standard of either club, but at times fine work was shown. Of the home team Dyon, Lyons, O'Leary and Kanana played best fielding game, whilst Farrell pitched very effectively, striking out three men and giving only one hit base on balls.

Also made some good catches of fouls. For the visitors Bainmather, the catcher, did the best work. Jamieson at first and Allen at second base were effective and Eulbeck made a fine catch.

After the match had been concluded the great majority of the crowd left the grounds, although a considerable number took tea in the building.

The whole affair was most enjoyable, and we congratulate all concerned on the result.

OTHER ATTRACTIONS.  
The crowd carried a large crowd to different points down the bay.

The University, Tabernacle and Blockader. The Street Sunday School picnic at Massena Point. There was a large number present and a most enjoyable day of recreation and amusement was spent.

The Bridge Street Sunday School picnic, also, was a most enjoyable day, and well attended. The Amos making two trips and being well loaded each time.

There were several private picnics, and others spent the day in driving, boating and other quiet ways of recreation.

The Judicial Committee of the Privy Council has affirmed the appeal of the Corporation of Parkdale in the subway case.

## Bass Ball.

Printers' Nine vs. E. R. Readies.

The announcement that the above clubs would play a game of base ball on the official lot at 7:30 yesterday morning was sufficient to draw quite a crowd of spectators, who expected to see a good game.

But they were, however, badly disappointed. The E. R. Readies went first to the bat, and were quickly retired with a liberal catch of white wash. The Printers' nine followed and succeeded in scoring five runs.

In the second innings the E. R. Readies made one run and the Typo made four for their score. The E. R. Readies scored four in the third innings and retired somewhat discouraged.

The Printers entered upon their third innings and pounded the ball all over the field—chasing the E. R. Readies home being quite numerous. After adding thirteen to their score with two men out, their opponents got thoroughly disheartened and left off their play.

There was considerable kicking indulged in by some of the E. R. Readies on account of the Printers taking a typo from Montreal named Ford (who was a long resident here and is a visit to friends in the city) in the absence of one of their men. The information of the E. R. Readies was that Mr. Ford is not an old established typo and does not belong to any base ball league, was stated on the grounds. As the captain of the E. R. Readies should know if there is any kicking to be done it should be done before the game is called, and that when his once ordered his men to take their places on the field he tacitly consents to abide by the result. The score was as follows:

Printers' Nine 5 4 13—22  
E. R. Readies 0 1 1—2

Mr. S. Simons umpired to the satisfaction of both clubs.

**THE TRIUMPHANT THREE.**  
During three years suffering with dyspepsia I tried almost every known remedy, but without success. I tried B. R. J. and had only one day when I felt better, the other two being completely cured me. W. Nich, of Kendaal, Ont.

**The Dyon Case.**  
OFFICER SPOONER UPON THE BELLEVILLE CAPTAIN'S POSITION.

The Whig of yesterday says, "If Capt. Dyon plays ball in Belleville to-day he will act in contravention of what he promised Commissioner Combs he would do in return." Captain Dyon's position to a Whig reporter to-day. The commissioner told Spooner yesterday that Capt. Dyon had been playing base ball broken the vows he had taken when he became an officer, and therefore he could not hold his position. After being reduced to the rank of private he was ordered to the front of his regiment of his late actions and promised faithfully to obey the rules of the army in future. The commissioner informed him that if he would live as the army wished him to he would be given a situation at the barracks and would be promoted to sergeant.

Well, Mr. Dyon played ball yesterday in first class style. He has proved in his own person that a man may be a good christian and an excellent base ball player, and a great favorite with his fellow players with the management of the club, and with the public.

**To Avoid Baldness or Grey Hair.**  
Use Dr. Doremus's Great German Hair Magic. It keeps the scalp clean and free from dandruff, and promotes the growth of the hair. It prevents premature greyness and stops any falling out of the hair. On bald heads, where the roots have not perished, it will invigorate them and force a new growth of hair. Ask for Hair Magic. It is the only reliable. For sale by all druggists in Belleville and all parts of Canada.

**Drowning Accident.**  
Belleville Men Drowned at Winipeg.

A sad accident occurred on the Red river near Dwyer's brewery, Winnipeg, on the 26th. Two men, Harry Burnham and Robert Hare, of Belleville, Ont., employed as firemen on the Canadian Pacific Railway, went out for a row. The boat was capsized by the swell of a passing steamer, and before assistance could reach them both men were drowned.

**Postoffice Burglars.**  
KINGSTON, July 27.—Within a very short period four postoffices, Mado, Campbellford, Shamouville and Picton, have been broken into by burglars and robbed. It is certain there is a gang of cracksmen in Ontario who direct their whole attention to postoffice. A government detective will likely be despatched to investigate the robberies mentioned.

**1000 Island Excursion.**  
Rev. D. O. Crouley will take his annual excursion to the 1000 Island Park on Saturday, Aug. 10th, per steamer "Huron," returning on Monday following. Boat leaves Trenton at 6 a. m.; Belleville 7:15; Deseronto 9; Picton 10:20. Fare for round trip \$1.00. 423-41

**Saturday Afternoon Excursion.**  
Trenton and Belleville to Napanea. On Saturday next, July 30th, the train Armenia will carry an excursion from Trenton to Napanea and return, leaving Trenton 1 p. m., Belleville 3 p. m., calling at all points of ports. Returning, leave Napanea at 7 p. m. Tickets 25 cents. 732-2

**LIKE MAGIC.**  
"It always made me, I had scarcely ever used to give the second dose of Dr. Fower's Extract of Wild Strawberry for summer use."—Mrs. Walter Goodrich, of Ebel Ont.

For NERVOUS RASH, Summer Heat, Rheumatism and general debility, use Dr. Fower's Extract of Wild Strawberry.

The American Bishops to whom the Knights of Labor question was referred voted 10 to 2 in favor of non-intervention, and the decision was endorsed by the Congress at Toronto.

Children Cry for Pitcher's Castoria.

## Yachting in Toronto.

B. Q. Y. C. Boats to the Front—The Merle Wins easily in Second Class.

The first of the yacht races under the auspices of the Yacht Racing Association—those of the Royal Canadian Yacht Club—took place at Toronto on Tuesday, and unfortunately resulted in a comparative failure, owing to the lack of wind. The breeze, which was very light throughout, flattened to a calm before the yachts in the two bigger classes could finish. The race was the result to-day.

The story of the race is soon told. The B. Q. Y. C. representatives in Class A. and First Class—the Atlanta and White Wings took the lead at the start and led the fleet. They would have been the easiest of winners had the wind held. There was a long and severe struggle between the Cygnus and Ebel in the first class for second place, but the former, admirably handled by Capt. Roy, finally got the best of her antagonist. The Yerve sustained an accident and withdrew.

In the second class the Merle showed much speed in light weather. She and the Laura got away together and the Merle beat the Laura by 19 minutes 30 seconds, the latter beating the Cygnus 11 minutes.

The T. Y. C. Regatta.

Atlanta, White Wings and Laura the Winners.

The Toronto Yacht Club were favored with a nice breeze for their regatta yesterday—light at the start and blowing fresh over the greater part of the course.

In Class A the Atlanta got away first, and increasing her lead steadily won by a big margin. The corrected time was as follows: Atlanta 4h. 27m.; Aileen 5h. 0m. 35s.; Oracle 5h. 3m. 17s.; Aradine 5h. 28m. 20s.

In First Class the White Wings had an equally hollow victory. Corrected time: White Wings 4h. 50m. 7s.; Cygnus 5h. 22m. 20s.; Yerve 5h. 22m. 55s.; Ebel 5h. 44m. 13s.

The result in the Second Class was a surprise after the previous day's sailing, the Laura winning on time allowance by 21 seconds and the Cygnus being a good third. The Merle's better opponents to windward, but before the wind the Laura gained 4 minutes on the Boston production and the Cygnus gained half a minute on her. Corrected time: Laura 3h. 25m. 49s.; Merle, 3h. 29m. 10s.; Cygnus 3h. 33m. 24s.

Yachting at Oswego.

The Oswego Yacht Club have published the programme for their regatta on August 1st—light at the start and blowing fresh over the greater part of the course.

Entrance to be made to A. V. Wardcliffe, Secretary, on or before Wednesday, August 3rd. Prizes: Class A, \$75 and \$40. First Class, \$75, \$40, and \$20. Second class, \$75, \$40, and \$20. No entrance fee. Ten per cent deducted from winnings.

A BASAL INFECTOR (see with each bottle of Shiloh's Catarrh Remedy) Price 50 cents

**ROYAL BAKING POWDER**  
Absolutely Pure.

This powder never varies. A marvel of purity, strength and who know. Most economical in use. It keeps the cake light and free from dandruff, and promotes the growth of the hair. It prevents premature greyness and stops any falling out of the hair. On bald heads, where the roots have not perished, it will invigorate them and force a new growth of hair. Ask for Hair Magic. OAK HALL!

BEAUTIFUL WHITE SHIRTS, reinforced bosoms, extension bands, and three-ply linen fronts for ONLY 40 CENTS.

We have now in stock a large number of OVERALLS, which we are going to sell at the monstrous price of 25 CENTS.

The above mentioned Overallers are not worth \$1.00, but they would be considered cheap at 50c. in any other store in the city.

TO THE PUBLIC.—Oak Hall is now under a new management, and you can depend that we will carry out to the letter anything we advertise. Also, that from this time strictly ONE PRICE will be adhered to.

C. H. VERMILYEA.

CALIFORNIA FRUITS

RECEIVED TO-DAY  
Peaches, Grapes, Plums, and BARTLETT PEARS, also Watermelons and Bananas.

CONGER & BROS.

BUTTER!

We desire to inform everybody far and near that we have received a consignment of BUTTER, CREAM, BUTTER, JARS, PICKLES, JARS, FRUIT JARS, MILK PANS, BUTTER PANS, TEA POTS, &c., which will be cleared out cheap.

We must get rid of them before the snow flies again, so bargain will rule.

Count on them at the great CRYSTALL HALL, W. J. REID & CO. LONDON and BELLEVILLE.

**Fishing Note.**

Anglers caught bass with troll last night after the moon was up. The fish bite voraciously and are very plump.

Did from his injuries.

Thos. Grier, who was injured on the Grand Junction on Tuesday evening last, died last night from the result of his injuries.

**RECEIVED

BELEVEILLE SATURDAY, JULY 30, 1887.

**MARK MENTION.**

The market was well attended this morning.

Wheat will be \$1.50 distributed in prices at the Market central fair this year.

Hotels and S. S. excursion to Indian Woods next Thursday, per str. Armada.

St. John's Church annual excursion will take place on Wednesday next. See advertisement for particulars.

Lord A. P. Cecil will (D. V.) preach the gospel of the grace of God in the Marble Hall, Lord's Day, 31st July, at 3 and 7 p. m.

Ten receipts from the Roman Catholic picnic on Wednesday foot up to about \$700 over all expenses. We congratulate all concerned on this most satisfactory result.

For the remainder of July and August the steamer Armada will call at Java's Island and Glenora on her regular trip every Monday morning, for passengers remaining over from Saturday.

The sale of I. G. Walker's grocery stock by the sheriff yesterday yielded \$2,900, and the sale was a good one at that—the rate being 74 cents on the dollar. The creditors will not realize much from Mr. Walker's estate.

Do not forget the excursion next Wednesday to Davy's Island, Glenora and Victoria in aid of St. John's Church (Belleville). If you cannot go to that, take in the moonlight sail the same evening, under the same auspices.

At this season of the year all are liable to sudden attacks of cholera, cramps, etc., and should have at hand a reliable remedy for such troubles. Holden's Cholera Drops will be found just such a remedy. If your own druggist has not got it, go to Gem's drug store, where it is prepared. One twenty-five cent bottle may prevent you a great deal of pain.

If you wish to restore the bloom to your woe, and to improve your health that plumpness and strength will succeed muscular debility, purify your blood with AYER'S Sarsaparilla. This remedy will benefit you more rapidly and speedily than any other.

When Billy was sick, we gave him Cat's Claw. When John was sick, we gave him Cat's Claw. When the women were sick, we gave them Cat's Claw. When the children were sick, we gave them Cat's Claw.

**TEMPERATURE.**

As Registered by Dr. Bell's Self-Registering Thermometer.

SATURDAY, July 30, 9 a. m.

Maximum 84; minimum 64.

Barometer 29.70.

**PERSONAL.**

Mr. Brooke, the father of Mrs. Sibbitt and Clerk of Perth, is in the city.

Mr. RICHARD LIVING is expected to preach at Bethel Hall to-morrow (Sunday) evening.

Rev. Thos. Hall, Missionary Superintendent of the Congregational Church, will preach in the Congregational Church, here to-morrow, both morning and evening.

The City of Mexico is in danger of being flooded.

German newspapers continue to "beat" Russian securities.

The Belgian Chamber of Deputies has voted against extending the strike.

The yellow fever record at Key West up to Thursday was 173 cases and 41 deaths.

Gen. Ferron, French Minister of War, has forbidden military bands to play Bonaparte air.

A nephew of Jeremiah Sheehan, M. P. for Kerry, has been arrested under the Crimes Act.

The British Government are to be questioned in the Commons on Monday about the Fisheries dispute.

Dr. C. H. Lyne, manager and proprietor of the C. H. Lyne, Dr. W. & C. O. Lyne, Belleville, says: "I used Sarsaparilla for a prolonged case of cold in the head, and it effected a complete and thorough cure in less than 24 hours. I would not take any more of Sarsaparilla if I could not replace it."

**D. B. BATTALION A. L. E.**

Inspected by the Deputy Adjutant General.

Our City Corps was inspected by Lt. Col. Villiers with District Paymaster May King yesterday, on the Agricultural Grounds.

The grand stand was well filled before the Battalion arrived, but unfortunately for the numerous ladies present, the pay-master was called almost immediately after the march, in order to allow Major King to keep another engagement. The idea then became current that the inspection was over, and a large number of the fair spectators weary of the details of individual inspection (a prerogative of their own) left the field in good order. After this the better and more effective part of the evolutions of the Battalion were performed with credit to the corps, notably the echelon movements, the extending for attack, and the formation of the Battalion square, which presented with its serried ranks of bayonets fixed, an impenetrable front on every side. The march past at the double was very good, and it seemed to an on-looker that the few Company mistakes made throughout the manoeuvres were rather those of the young guides than of the men. Some of them did not seem to look altogether comfortable. The Company drill was all that could be desired, and the bayonet exercise of the right flank of Capt. Ponton's Company (No. 1) was a unique feature. The D. A. G. stated that he had seen no better Company throughout his District. The discipline of the whole Battalion was good, their countenances were neat and clean, and all deficiencies must be attributed to the want of a necessary drill. The Band gave great satisfaction this time. The men are being paid to day. Several of the Companies have still to put in their target practice at the butts.

**High School at Madoc.**

Inspector Scott recommends that a High School be established at Madoc on the ground that the village is in the centre of the best settled part of the north riding. The conditions imposed are that:

(1) It will employ a Head Master at a minimum salary of \$1,000 and an Assistant at a minimum salary of \$800.

(2) It will make an initial expenditure of the following sums of equipment:

Library of Reference.....\$275.00

Apparatus.....100.00

Charts, Maps and Globes.....100.00

(3) That the plans of the building shall be submitted for the approval of the Department and that the site shall be subject to the approval of the same.

For Toothache.—Go by a bottle of Pain Killer, and find relief in the twinkling of an eye.

**Sporting Notes.**

Hanlan has replied to Teener's challenge that he will row his challenger on Toronto bay on August 12th or 13th for \$1,000 to \$5,000 a side.

Baseball yesterday.—Toronto 1, Jersey City 6; Hamilton 1, Newark 7.

In the great \$5,000 special race between the Canadian horse Patron and the famous Harry Wilkes, the former won in three straight heats and lowered his record to 2:14. Time—2:16, 2:16, 2:14.

The sprint Johnston paced a third heat in 2:14. Mr. Burgess' Brat was third in a race at mile and three-sixteenths at Saratoga yesterday. Brat, 5 years, gave the winner, 6 years 10 lbs., and the second 14 lbs.

It has been announced by the Government of Arrangements for the yacht race at Bar Harbor, Me., on August 26th, that the sloops Volunteer, Mayflower and Priscilla will take part; also that the English cutters Gleaner and Stranger will probably enter, and that the Thistle will be the challenger.

At the London Athletic Club games, July 21, William Bird, of the Manhattan Athletic Club of New York, twice touched the bat at 6 ft. 2 in., in attempting to beat the best high jump, 6 ft. 2 in. Page will remain in England for some time yet, and will again try to beat the best record. His knee is not strong, and it is hoped he may succeed in topping 6 ft. 3 in.

**FROM MANITOBA.**

"I have been cured of chronic diarrhoea by the use of Dr. Fower's Extender of Weak Stomach. I used about twelve bottles of it and I feel as well as ever." William McLaren, Clearwater, Manitoba.

**Average Price of Cheese.**

In response to a request from some of our readers, we have compiled from the files of the Utica Herald the following table giving the average price of cheese on the Utica market for the whole of each season during the last eleven years. We should be glad to go further back with the record, but can not, for the reason that no tables were made previous to the year 1876. Cheesemakers and dairymen will find this a good thing to cut out and preserve.

**Year.**

1876.....4.107

1877.....4.107

1878.....4.107

1879.....4.107

1880.....4.107

1881.....4.107

1882.....4.107

1883.....4.107

1884.....4.107

1885.....4.107

1886.....4.107

1887.....4.107

Thus far during the season of 1887 the average of fourteen weeks has been about 9¢. Possibly we may crawl up to the average of 1884 before the season is over.

**Mrs. Cross was Poisoned.**

Cont. July 29.—The inquest into the case of the death of Mrs. Cross, who was believed to be poisoned by her husband, a retired army surgeon, was concluded to-day. The testimony of the physicians who made the autopsy was to the effect that strychnine and arsenic were found in the dead woman's stomach.

**Signor Deprette Dead.**

Rome, July 29.—Signor Augustin Deprette, President of the Council and Minister of the Interior, died at Stradella to-night.

Joseph H. Bloomer, of Virgil, N. Y., writes: "I had a severe cold in my head, and my nose and throat were in a fearful state. I used Sarsaparilla for a few days, and it cured me. I would not take any more of Sarsaparilla if I could not replace it."

Children Cry for Pitcher's Castoria.

**After the P. Achere.**

**The Corps in Ontario.**

by no means so favourable as they were in the early part of the season. The long continued drought has done a great deal of damage, and the yield of cereals in this province will be below the average. Barley has done well. The autumn wheat suffered from winter killing in many districts, and the drought has affected both autumn and spring wheat so seriously that the crop of the whole will be meagre. A light one. The counties bordering on the Georgian Bay and Lake Huron have had the benefit of a greater rain fall than the rest of the province, and crops of all kinds are therefore in a better condition there. The same may be said of Victoria and Peterborough. The drought has been most severe in the Lake Erie counties and in the eastern part of the province. Hay was a good crop, and was well sown. Peas have failed, and the root crops will be meagre. On the whole, the farmers in this province are likely to have a lean year.

For Deep Seated Colds and Coughs, Allen's Lung Balm, which has all other remedies.

Sir John Enjoying his Holiday.

A gentleman who has just returned to Ontario from Dalhousie, N. B., reports Sir John Macdonald as enjoying his rest at the sea and expressing himself as delighted with the place and its surroundings. Sir Hector Langevin and Hon. Mr. Carling and family are also in the city. Mr. Scarth, M. P. of Winnipeg, will return on Monday, leaving his family at Dalhousie.

Smallpox in Cuba.

Havana, July 29.—A letter from Santiago de Cuba says smallpox is still ravaging that city. Neither rank, sex or age escapes the scourge. The number of persons thus far attacked reaches nearly a thousand, the number of deaths daily averaging about fourteen.

A Lovely Thing in Portraits—"Lotus of the Nile."

DIED.

Mrs. Catherine Connor, relict of the late John Connor, on Thursday, July 28th, aged 77. The funeral will take place at 2 o'clock on Sunday, from her late residence, Albert Street.

Smuggling of Opium.

HOW THE BUSINESS HAS BEEN CONDUCTED FROM BRITISH COLUMBIA TO CHICAGO.

VICTORIA, B. C., July 28.—Yesterday it leaked out that three hundred pounds of opium had been shipped by Tuesday morning's steamer in bond for Chicago. A baggage man here had been given Customs bonding tags in order to facilitate the bonding of baggage through to American points and by this means he was enabled to successfully arrange the opium for shipment to American points. It is stated that four previous shipments have been successfully made, but this trip the secret leaked out and came to the ears of reporters and an exposure was made in the Globe this morning. Five boxes were checked for Chicago and a man named McLean held the checks. He was spotted and two others followed for the purpose of setting the opium. After crossing the line, however, the railway officers discovered the fact and telegraphed to hold the boxes and they will be retained at Winnipeg. An investigation will take place. The baggage man has been discharged and another appointed. It is supposed that a large amount has been got through safely by this means.

In Brief and to the Point.
